Living in an age with 24/7 coverage of disasters, wars and generally depressing news could easily be a recipe for national learned helplessness. I'm reading "Be the Change" and am reminded page after page, one uplifting story after another, that I'm surrounded everyday by amazing people who are keeping hope within easy reach whenever it's needed. From the household wisdom of countless community volunteers to the heart felt perspectives of iconic national leaders, it's a book that offers new ideas and fresh inspiration for getting going on them. I also love Editor Nunn's lists of books and quotes that inspire. I look forward to giving this book to my organization's management group as well as to my family for the holidays. It's an inoculation against cynicism and despair and an inspiring call to action. Paul Terry, Minnesota

I was given Be the Change! as a gift and put it next to my bed. I picked it up one night and couldn't put it down. It is a great collection of inspiring stories, tales and practical tips about how focusing on the well being of others can change your life for the better. It immediately struck a powerful cord with me. When I put the book down I felt like I had a game plan for my own service; and inspiration to know that I too could be the change. Bravo to the team that put this book together!

This book is an absolute must-read for anyone who has an interest in community service, or needs an inspirational push to get into the giving spirit during this holiday season. People from all walks of life share their stories and personal perspective on what it means to them to volunteer, and how their good deeds have made a positive difference - in their own lives as well as in the world around them. And, you don't have to read it from cover to cover in one sitting...pick it up each day for a daily dose of inspiration! A great gift to share with friends and loved ones.
