## Customer Reviews

It's an awesome book but I don't get what she is. A dragon? An enderwoman? Any way, I really hope they make a second one. A thing I that surprised me at the end is her parents were all of a

sudden were killed. That would suck. Overall it's a really good book, probably the best in the series.

I did not really like this book it did not describe a lot about what the characters were thinking. The author mostly described the events. I give this 3 stars

I honestly don't think it's worth 2.99. Please make it at least 50 pages long alright?!

I chose this rating because It had adventure and it left me turning pages I'm going to read the next book!!!!
