I am a beginner when it comes to options trading, and I need to learn a lot of things. And with that, I always enjoy reading books about Options Trading such as this book. After reading the book, I learned a lot of things, such as the daily day 1 to 6 challenges that I can try. The author did a great job by explaining well the everyday task that a beginner can do. Another topic on this book that I liked the most is about the types of Options Trading, there are a lot of terms here that I still do not know and I am glad that I read the book. It was an informative read for me.

Options trading should always be considered as a premier investment tool that can be used to shape an investor's future into one full of opportunity, comfort, and financial stability. This book gave a pretty good picture of what it is, as well as all of the difficulties that may come on the way. Before diving into investing and options trading, you need to know the basic background knowledge, right information, practice, and patience. I really appreciate this book. I will definitely recommend this book to you if you are thinking about Options Trading.

This is very good book study about the option trading. This is very helpful guide book. This Options Trading book has been one educational reading chance for me. It has been easy on newbies like me.
