Customer Reviews

This book is very good for beginner, as it mentions all the basic and foundamental concepts and mindsets in selling. However, as a product of MDRT centre, I am expecting more. I am expecting

some more in-depth insights or inspiring ideas for the sales who is in average but wants to increase their business to MDRT level. Frankly speaking, I am quite disappointed when I found out that this book contains mainly fundamental concepts which are not distinctive and which I have heard about from other sources (remember, this book is from MDRT centre, not other "average" writers).
