Customer Reviews

American poet "Mary Alice" Goodman, as Linda was known all her life to her friends and family, was certainly a much-needed prophet in our time. Linda found that the most profound method of divination lay not only in astrology, yet in the intersection of astrology, lexigrams, and numerology. She explains this all in detail in this most important book, Star Signs. One does not have to "believe" in anything to buy and read and treasure this book. If you are on a path to enlightenment, as we all are, and you certainly are if you are reading this...no matter the religious denomination, spiritual bent, or magickal background from which you come, this book, as no other ever has nor ever will, will increase your divinatory abilities, and surprise even you, should you be a skeptic. If you are considering buying this book, I assure you that the day will come when you will do so. And Review #4 is accurate when it mentions that anything since Linda's death in October 1995 which is published post-mortem under her name, is NOT her own work. Relationship Signs, and anything published in her name since 1996, is merely a product of a corporation called LGE, and not only a shameless exploitation of her good name, yet also very inaccurate astrology by non-astrologers, and so much New Age hooey of which Linda never took part. Avoid it. Buy your pre-1996 Linda

Goodman books here at , or used at places like eBay or your local used bookstore. Linda believed in access to the magic of the Universe by us all. She said that there are shortcuts to enlightenment, no matter what your path. She called these shortcuts...books!
