Some of the conversations are also contained in video format on a separate DVD product. You can watch and learn them from our Practical Thai Conversations DVD Volume 1 and Volume 2. Listen to this program over and over and practice and practice. You will be able to Speak Like A Thai in no time. ALL SPEAK LIKE A THAI VOLUMES CAN BE USED INDEPENDENTLY Although this Thai language program is designed for non-Thais to learn different aspects of the Thai language, some Thai people enjoy using Speak Like A Thai Series to learn to speak English. Customer Reviews

These conversations in Thai (with English translations) run the gamut of everyday situations you're likely to run into. The vocabulary is carefully selected as are the common idioms. Listen to it over and over again and you'll learn Thai. I did.

If you bought the Thai conversation DVD by B. P. Becker you already have some of the dialogues and the new ones are boring and very sterile.

Very happy DVD package came much earlier than the date promised. DVD packaging was brand new and in excellent condition. DVD plays without any problem, and the booklet included was also in excellent condition. Overall the entire process/purchase was easy, super fast, and excellent product (Speak Like a Thai vol 6).

this book is very good, but all but about five on the chapters were repeats of conversation from her first two books.

very helpful !!!!
