Synopsis

Freida Carson returns with the thoroughly revised and expanded 4th edition of her perennial bestseller, Histotechnology: A Self-Instructional Text. Although written foremost in mind for histotechnology students; practicing technicians, technologists, residents, and pathologist will find this text quite useful as well. Carson’s Histotechnology series has proven to be an indispensable teaching tool and reference guide, and a must for histotechnologists preparing for the ASCP HTL certifying examination. This thoroughly revised 4th Edition has been completely updated with: - Expanded coverage of molecular techniques - An added chapter on laboratory informatics - Large-scale updating of immunohistochemistry, enzyme histochemistry, and laboratory safety content - Added information on fixatives for electron microscopy - Additional updated chapters - New Images and a newly added glossary.
