Foreclosure Investing For Dummies

Synopsis

With the housing bubble of the past few years bursting and interest rates on the rise, there has been an upsurge in the number of foreclosures across the country, creating many opportunities for profit. But investing in real estate foreclosure[s?] can be a tough job, especially when a negative stigma is attached. How do you make money while preserving your morals and trust? *Foreclosure Investing For Dummies* shows you how to invest in foreclosures ethically without being accused of stealing homes from â œlittle old ladies.â • This step-by-step guide helps you thoroughly research property, find the best opportunities, purchase foreclosures, and avoid misleading distressed homeowners. This book doesnâ™t promise quick profits through minimal work, but it will provide you with invaluable information to become a successful investor, including: Identifying opportunities and understanding risks Obtaining information, tools, support, and resources Locating properties prior to foreclosure Assisting homeowners through the foreclosure process Acquiring properties below market value prior to the auction Buying property at an auction, from lending institutions, and government agencies Repairing, renovating, and selling or leasing property This book provides tips and strategies for refinancing your property and maximizing your profits. It also gives you advice on how to assist homeowners, have them work with you, and common mistakes you should avoid. Itâ™s time to go out and make the most of foreclosure investing, and with *Foreclosure Investing For Dummies* by your side, your hard work and devotion will bring tons of success!

Customer Reviews

Par for Dummies series -- very informative, useful, clear and easy to read. Lays out upside potential

as well as downside risks. As an adjunct, I've been using a beta service at realquest dot com which lets me search for pre-foreclosure, foreclosed and bank-owned homes in my local area. Perfect combo.

I'm a first time home buyer and I really got interested into foreclosures and tax deeds. Right now there's just a lot out there that's for sale retail price but there's a lot more that's actually discounted through foreclosures. If I can buy the same quality for less price, why not right? This book helped me sort through a lot of the terminologies and helped me understand what to look out for. Very quick and easy read and recommended along with other foreclosure books I found helpful. Complete Guide to Real Estate Tax Liens and Foreclosure Deeds: Learn in 7 Days-Investing Without Losing Series

This book is invaluable for someone with little real estate experience and little knowledge of foreclosures. It gives you the fundamentals, which will allow you to specialize and then look for more targeted books and updated strategies.

FORECLOSURE FOR DUMMIES - Informative, with no wasted text, very concise and full of useful facts. Especially readable, moves along and warns of related problems that must be considered when investing. Excellent book

This book has been very helpful to my husband and myself. We are just getting started with this and the book is simple, easy to understand, and very informative. I would recommend this to anyone who is serious about wanting to learn, and having it explained to them in detail. Thanks, Ann

Excellent information, too bad the market is the way it is and people are losing their homes. The author is concise and accurate and anyone that has money to invest would do well to review this information before putting their money out there. The author makes it fun and interesting while making sure you have all you need to avoid the pitfalls; especially in today's market.

i bought the book in order to learn how to get into the business of real estate but right away the writers said that if you are not already in it it is better to put the book on the side and get experience first.....so why you write the book " for Dummies" ?

I'll be on the look out for more books by this author. This one is a concise explanation of foreclosure investing and it doesn't stray.
