Talons Of The Eagle: Latin America, The United States, And The World

Synopsis

Topical and up to date, *Talons of the Eagle: Latin America, the United States, and the World*, Fourth Edition, presents an eminent scholar's perspective on the interaction between global trends and inter-American affairs--a subject that has become crucially important in the current era. Rather than concentrating solely on U.S. policy, Peter H. Smith uniquely addresses the structural relationships between the two regions by focusing on international systems, the distribution of power, and the perception and pursuit of national interests. Throughout, this provocative text casts light on such contemporary issues as economic integration, drug trafficking, undocumented migration, and the rise of Latin America's "new left." It also analyzes Latin American reactions and responses to the U.S.--and to the rest of the world--in these complex and troubling times.

Customer Reviews

Book was obtained for a course, read it entirely contained, in whole relationships with the newly acquired government spokesmen regarding Latin America and issues with their own sovereignty.

A great book as it is informative and educational in it aims to discuss all important topics.

It's fine for me. Thank you.

first 40pages came detached from the book
